

8 Three Peaks Rise Bright VIC

4 2 3

Situated in the quietly tucked away cul-de-sac that is Three Peaks Rise, is this better than new four bedroom two bathroom family sized home. At only five years old, you are set to benefit from a garden that has now matured nicely, allowing you to move in and just start enjoying.

Enter to find so much more than meets the eye upon your first arrival. A central hallway leads you past the king sized master suite through to the central living area and family lounge room. This hub of the home will serve you well, with ample space for your family and friends to gather around the kitchen's island bench for a chat or to just kick back relax and unwind whilst watching some Tour de France replays. Effortless flow from inside to the outdoor patio makes entertaining easy and the secure yard space adds to your peace of mind when pets or little are around.

Built in robes to bedrooms two, three and 4, ducted cooling

Building Size : 225 sqm
