

166 Great Alpine Road Harrietville VIC

What an excellent opportunity to secure approximately 900m² of land that backs onto the beautiful Ovens River.

Situated in a very central location within an easy walk of all that Harrietville has to offer is this flat allotment that has current planning approval to build yourself a new 2 bedroom home.

It is already fenced with front and rear gates, has a 6x6 lockup garage with a concrete floor and even has the hills hoist up and ready for your first load of washing!!

Land where you can build for yourself, that is on the river side of the Great Alpine Road has almost completely run out, so do not delay in enquiring after this fantastic allotment.

Land Size : 900 sqm
