

BRIGHT

This modern brick veneer home is in a great location, being situated on the high side of the river away from the town centre, but which is easily accessed via Centenary Park walk bridge. The home features 3 bedrooms (2 with built in robes), dining/lounge area, separate kitchen (with electric cooking), bathroom with bath and separate shower recess, separate toilet and separate laundry. Living comfort in the colder months is provided by gas heating. The property is fenced (though not fully) and is completed by a single carport and garden shed located in the back yard.
