

### 10 Hargreaves Road BRIGHT VIC

You could have views like this from the living room in your new home. This elevated block allows you to look right over the top of your neighbours to get gorgeous mountain views where you can marvel at the gracefulness of the paragliders, while being only a short walk to the shops and school. A good land size of 960m<sup>2</sup>, with Colorbond fencing already on two sides. It's orientation will allow you to make good use of the Northerly and Eastern aspects in your house design.

**Land Size** : 960 sqm
