

102 Feathertop Track HARRIETVILLE VIC

Quiet & Secluded Area - A Fantastic Block Of Land

At the foot of the Bungalow Spur walking track is this excellent parcel of land that offers instant shade with its established surrounds, is fully fenced and already has the town water on to the block.

At approximately 1500m in size it's perfect for either the weekender as it's not too big, yet ideal for a family size yard as well if you are looking to build a family base.

Facing North which allows you to maximise a solar passive design and plenty of room to build the shed down the back that you have always wanted. This really is an easy choice, just open the gate and away you go.

Land Size : 1500 sqm
