

5 Turntable Terrace Bright VIC

4 2 2

Set under one roof line is the most spacious of all units in this complex, Autumn Glory 5 & 7.

Two by 2 bedroom, 1 bathroom units that offer instant street appeal that is only further enhanced when you enter inside. Designed to exude the High Country character & charm externally, the inside is a mix of this with a hint of French Provincial thrown in for good measure.

Both bedrooms can take a queen bed and both have built-in robes.

The bathroom features a shower, vanity & toilet, while the living space offers a surprising amount of space, certainly more than enough to enjoy "just a few nights" with these easily being your little home away from home.

And what a base, fronting the Rail Trail and less than 300
