It is hard to know where to start when it comes to describing a property such as this. 'Wow' would be a great place, but of course that doesn't tell us anything other than what everyone's reaction is when they walk into this amazing home.

Built by Van Heek Builders only two years ago, this stunning home showcases fabulous attention to detail and spectacular valley views from every window. No expense has been spared in the creation of this high-quality home, perched on an elevated 4,068sqm block.

The layout is split over three levels and features light-filled living zones, sprawling outdoor entertaining areas and three bedrooms and bathrooms. In the heart of the home sits the grand living space with a soaring cathedral ceiling, a slow combustion heater and a stylish kitchen.
