

35 Cobden Street Bright VIC

3  1  1 

This very neat & tidy 3 bedroom family home may stem from the past but with that brings good sized rooms and that hard to find ¼ acre block for the kids to run amok in. The lounge room opens to the dining and kitchen where you will find a reverse cycle air-conditioner. The charming kitchen provides loads of cupboards, gas cooking and there is another space for your fridge if the space provided is too small. Three bedrooms, one bathroom with footbath shower, separate toilet and laundry. Outside there is a single garage plus additional storage space at the rear. Best of all; easy walking distance to the hospital, school and village.
