Modern two bedroom unit packs a punch with features that you can share with your small furry friend . Master bedroom with ensuite , second bathroom, open kitchen/dining/living with reverse cycle air-conditioning, European style laundry and a loft space that would work well as a reading space, hideaway or somewhere to throw a mattress when guests come to stay. A private outdoor space, single carport and only two minutes to the local P-12 College and a short stroll into the Bright Township, makes this unit a must to inspect. Only short term until end of December, full applications only before a virtual inspection can be booked.
