

CA 42A Great Alpine Road Freeburgh VIC

Looking for your slice of high country to escape to? Can you see yourself kicking back, taking in the view of Mt Feathertop whilst stoking the campfire? Then look no further than these 2 acres of the fabulous high country.

Rising up from the road, to provide you with a vantage point from which to view your surrounds, this allotment backs on natural bushland, has a small spring trickling past on your Northern border and is fenced on 3 sides.

Please note, this land falls outside of the Freeburgh "township" area and as such does not have entitlement to be built upon. With its current zoning though, it makes for a fabulous camping block!

Land Size : 8579 sqm
